**He'll Not Wander Any More.**

David McGee, of London, Ky., got something that he didn't expect while visiting the sights in Cincinnati first of the week. Dave went to Cincinnati and loaded up on his favorite drink, and after a short time his head—consisting of blue steel and "bug-juice"—became too heavy for him to carry, so he wandered around for some time, and at last fell asleep, and when he awoke he found, to his sorrow, that he would have to pay \$200 and thirty days for one charge and \$50 and cost in another.

**His Life Saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy.**

B. L. Byer, a well known cooper of this town, says he believes Chamberlain's Colic, Cholera and Diarrhoea Remedy saved his life last summer. He had been sick for a month with what the doctors called bilious dysentery, and could get nothing to do him good until he tried this remedy. It gave him immediate relief," says B. T. Little, merchant, Hancock, Md. For sale by Day Bros. Co.

**Electric Light Plant Nearing Completion.**

The Jackson Electric Light and Power Company is bringing their plant to a point where our citizens will soon be able to turn on their electric lights. The large boilers in their new power house is all but completed, and their engine will be placed on its foundation in a few days. The poles are being placed in position on our streets and they are bustling things in general. They have wiring completed for our citizens of over 500 lights, and with our city lights we can soon be among illumination that will be a Paradise to Jackson. We can congratulate the Company, especially Mr. Leher, upon the rapid progress and the erection of their fine stone building, which adds improvement to our town.

**Jett Found Guilty--Must Hang**

The jury at Cynthiana found Curt Jett guilty of the murder of James Cockrill and fixed his punishment at death. The crime for which Jett is to be hanged was committed here in Jackson on July 21st, 1902, about 1:45 p. m. Cockrill, while standing on the Cardwell corner, was shot by parties in the court room. He ran down the street to point beyond the Haddix building, where he fell mortally wounded. He was immediately taken to Lexington, in the hope that something could be done for him, but he died the next morning. Although it was currently reported at the time that the murderers were seen and recognized, yet no indictments were made by any grand jury till May 30, 1903, after the soldiers had been brought here. John Patrick, one of the eye witnesses, wrote an open letter to Judge Redwine, during the next term of the Breathitt Court, that if the [Redwine] would offer the protection of the militia that he [Patrick] would furnish proof enough to convict the assassins of Cockrill, which Judge Redwine refused to do. It is the prevailing opinion here that had Judge Redwine done this, James B. Marcum would not have been assassinated.

Owes His Life to a Neighbor's Kindness.

Mr. D. P. Daugherty, well known throughout Mercer and Sumner counties, W. Va., most likely owes his life to the kindness of a neighbor. He was almost hopelessly afflicted with diarrhoea; was attended by two physicians who gave him little, if any, relief, when a neighbor learning of his serious condition, brought him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured him in less than twenty-four hours. For sale by Day Bros. Co.

**Friendly Argument Ends in Murder.**

Boyd Griffith, of Canoe, was hit in the head with a Rock by Chude Baling last Friday. He and Baling were engaged in a friendly argument about which one's yoke of steers was the largest, when Baling grabbed up a rock and threw it at Griffith, hitting him in the side of the head, just above the ear. He was taken to Lexington to St. Joseph's Hospital, where he was operated upon, but he died last Tuesday and his remains were brought home Wednesday and interred in the family burying ground.

Mr. Griffith was a brother of Judge John Griffith, and was one of our best and most prosperous citizens, and was never known to have a difficulty with any one. His loss will be greatly felt in his neighborhood. Baling was arrested and is now in jail awaiting trial.

**THE DRAUGHT'S**  
**BLACK-DRAUGHT**  
**THE ORIGINAL**  
**LIVER MEDICINE**

A sallow complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. The Draught's Black-Draught never fails to benefit diseased liver and weakened kidneys. It stirs up the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys reinforced by The Draught's Black-Draught thousands of persons have dwelt immune in the midst of yellow fever. Many families live in perfect health and have no other doctor than The Draught's Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor.

Mullins, S. C., March 10, 1901. I have used The Draught's Black-Draught for three years and have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints.
